MEMORANDUM FOR Commander, U.S. Army Training and Doctrine
Command, ATTN: ATCD-S, Fort Monroe, VA 23651

SUBJECT: Establishment of the Military Police Automated Control
System Integrated Concept Team (MPACS ICT)

1. References:

a. TRADOC Pamphlet 71-9, Force Development, Requirements
Determination, 12 September 1997.

b. Memorandum, TRADOC (ATCD-SN), 19 Jun 97, subject:
Mission Need Statement (MNS) for Automated Military Police (MP)
Functionality.

2. I have directed the Director of Combat Developments to
establish the Military Police Automated Central System Integrated
Concept Team (MPACS ICT), as a tier two ICT.

3. The following information is provided:

a. Purpose:

(1) Determine, develop, oversee and implement branch
functional doctrine, training, leader development, organization,
materiel and soldier (DTLOMS) issues, requirements and solutions
for a suite of standard, modular, integrated and tailorable
automated functional applications and capabilities to meet the MP
Corps' mission requirements across the entire spectrum of
military operations.

(2) Review and revalidate the MP functional requirements
listed in all the Army Battle Command System (ABCS) requirements
documents.

(3) Initiate development of functional MP operational
requirements documents for the MPACS, as the MP Corps' portion of
the ABCS.

(4) Determine the resources essential to managing the
development of the MPACS.

ATZN-MP-Z (25-30ss)

SUBJECT: Establishment of the Military Police Automated Control System Integrated Concept Team (MPACS ICT)

(5) Determine the need for, and if required, transition to a tier one ICT.

b. Deliverables and/or products:

(1) A near-, mid- and far-term DTLOMS library.

(2) Appropriate draft requirements documents needed to initiate the development of the MPACS, including, but not limited to, a capstone requirements document (CRD), operational requirements documents (ORD), user functional descriptions (UFD), operational mode summary/mission profiles (OMS/MP), system MANPRINT management plans (SMMP), system training plans (STRAP) and critical issues and criteria (COIC).

(3) Recommendation, with decision memorandum and supporting documentation, to transition to a tier one ICT.

c. Estimated completion date: TBD (target 4th QTR FY 98).

d. Participating organizations: USAMPS, USACIDC, HQDA (DAMO-ODL) HQ TRADOC, and Provost Marshal Offices and MP units from AMC, TRADOC, FORSCOM, MDW, USAREUR, USARSO, PACOM and EUSA.

4. The ICT point of contact is Mr. Edwin B. Allison at DSN 865-5209/6309, commercial (205) 848-5209/6309, fax x-6209, E-mail: allison@mcclellan-blsc.army.mil.
